

ANGULUS

est. cph. 1904

E-commerce Manager

We are looking for an ambitious fulltime e-commerce manager with a proven track-record to join the ANGULUS Brand. You will be tasked with a broad array of e-commerce aspects and become part of the dedicated and ambitious ANGULUS team, with reference to management.

Responsibilities:

- Ongoing streamlining and optimizing of the ANGULUS website
- Development and execution of online marketing and sales campaigns
- Tracking and reporting of performance
- Segmentation and user journey mapping
- E-mail marketing, user database development and automation flows
- SEO/Google Adwords
- Omni-channel sales

You have proven practical experience with:

- The Magento platform
- Mailchimp
- Google analytics + Google Adwords
- Navision

About You:

You have a proven track record within e-commerce, with a passion for sales and creating user experiences out of the ordinary. You have a natural flair for all things digital and an analytical mindset with the ability to analyze data into actionable commercial insights. Furthermore, you value the possibility to work independently under the notion of freedom under responsibility and perform fluently in both Danish and English.

Next step:

Send your CV and motivated application to sed@angulus.dk

We plan interviews in January 2019.

About ANGULUS:

ANGULUS is a historical Danish footwear brand, creating quality design for quality conscious consumers in Denmark and the World. Located on the outskirts of Copenhagen, the ANGULUS main office is the central creative and commercial hub, where the dedicated ANGULUS team work to pursue its ambitions.
